WHO WE ARE

F&P Construction and Imperial Construction have an approved SBA Mentor-Protégé Agreement and a joint-venture partnership. F&P brings over 12 years of experience with a process-driven focus, creating economic advantages for clients and partners. Led by President Mark Floyd, a Service Disabled Veteran, F&P has acquired certifications of SDVOSB, VOSB, MBE, SBE, and HUB. Imperial Construction, with 25 years of experience, founded by President Jeff Jones, is known for quality work on all projects derived from its unique direct owner involvement in every project. With past federal experience, Imperial has successfully delivered government projects while ensuring compliance with federal regulations and standards. Together, our combined expertise, resources, and proven track records will allow us to deliver outstanding quality work on any federal project, meeting the highest standards of excellence, efficiency, and compliance.

CORE COMPETENCIES

Both firms are versatile general contractors with over 37 years of combined experience in delivering high-quality construction projects across various specialized sectors.

- Proven Federal Project Experience: Past experience delivering high-quality construction and renovation projects for government agencies, ensuring compliance with federal regulations and procurement processes.
- Industrial Facility Expertise: Extensive experience with maintenance facilities, concrete plants, rail facilities, Oil & Gas Facilities, etc
- Child Development Facility Construction: Proven track record in constructing and renovating both large and small educational facilities, and understanding the unique needs of occupied campuses
- Large Administrative and Office Buildings: Skilled in the construction of corporate facilities, banking centers, and airport terminal office buildings
- Flexible Project Management: Ability to adapt to the specific requirements of each project, offering tailored solutions that align with the goals and constraints of USACE and DoD projects
- Collaborative Approach: Strong emphasis on direct owner involvement, teamwork and communication, ensuring transparency and collaboration with agencies throughout the project lifecycle
- Complex Project Specialists: Construction on an occupied building or site, demolition, a compounded site, time constraints and phasing requirements, we create innovative solutions.

DIFFERENTIATORS

- 100% Owner Involvement: Our owners are directly involved in ALL our projects from pre-construction to operations and are present at all meetings.
- Diverse Project Portfolio: A wide range of successful projects, from industrial facilities to large administrative buildings, as well as specialized environments that require controlled isolation and environmental protection.
- Years of Experience: Deep industry knowledge and a history of successful project delivery across various specialized sectors, including industrial, institutional, administrative, and retail.
- Commitment to Quality and Integrity: A corporate culture rooted in excellence, integrity, and hard work, reflected in every project we undertake.
